Proterial Achieves a Silver Rating, Ranked Among Top 15% of Rated Companies, in EcoVadis Sustainability Assessment

In January 2025, Proterial, Ltd. (hereafter "Proterial") received a Silver rating in the EcoVadis Sustainability Assessment, a reliable evaluation platform, placing it among the top 15% of the rated companies.

The EcoVadis Sustainability Assessment is a reliable platform that evaluates organizations based on the international sustainability standards including the Ten Principles of the United Nations Global Compact, the International Labor Organization (ILO) conventions, the Global Reporting Initiative (GRI) standards and the ISO 26000 standard. EcoVadis's approach incorporates 21 sustainability criteria covering four core themes: the environment, labor and human rights, ethics and sustainable procurement. It currently evaluates more than 150,000 organizations and companies in 185 countries around the world.

Proterial operates with a strong commitment to sustainability, adhering to its corporate philosophy, which includes its Vision (future aspirations), "leading sustainability by high performance" and its Values (important belief), "unflinching integrity."

In this assessment, Proterial received a Silver rating, which is given to the top 15% of the rated companies, due to its notable advancements in the areas of the environment and labor and human rights, along with its ongoing commitment to sustainability initiatives.

Proterial will continue to contribute to the establishment of a sustainable society through the creation of best-in-class materials to solve social issues and by proactively engaging in business operations while understanding its obligation to the people and communities that it serves.

■About PROTERIAL

PROTERIAL

“Proterial” reflects the essence of our corporate philosophy, which consists of three elements: Mission: “Make the best quality available to everyone;” Vision: “Leading sustainability by high performance;” and Values: “Unflinching integrity” and “United by respect.” It combines “**pro-**” with the word “**material.**”

“Pro-” represents our “three pros”:

- **Professional — work that exceeds expectations**
- **Progressive — a spirit that keeps challenging**
- **Proactive —an enterprising attitude**

“Material” refers to the high-performance materials that our original technologies produce and underpinned by the three pros. With our focus on solving customer issues and bringing new levels of value, we promise to contribute to the realization of a sustainable society through the products and services that embody our philosophy.
